From his dam, Acadia Clipper 5th, reserve senior champion female of the 1958 Ohio State Show, he inherits the Troubadour bloodlines that have spelled fame and fortune for their possessors. Here is an outstanding herd sire prospect with a star-studded pedigree and the individuality to match.

STARMAKER'S DIAMOND — A straight lined, beefy bull out of a very good producing Rosewood cow. Should make a good stock bull.

WHY USE SHORTHORN BULLS ?

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

THE BOX SCORE

Sire	No. Calves	Av. Weaning Weight	Total Pounds
Shorthorn	47	330 lbs.	15,510
Hereford	34	306 lbs.	10,404
Angus	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

This year she has twin heifers. Her full sister was champion at Ohio in 1955 and champion International Sale heifer. This calf has never been pampered and has been fed in an open shed with seven other bulls. We think this bull will really go out and perform. Herd TB Accredited and Bang's Certified.

Shore Acres Dunrel, left, former herd sire for Hoewischer Farms that left them with many excellent daughters. A good number of the Hoewischer consignments to this event are out of Dunrel daughters.

We think there is a lot of outcome in him because he has a good mother. She was a member of our show herd as a summer yearling and won her class at the Michigan State Fair. Another son of this cow has made a good bull for Bihl Bros. after purchasing him in a state sale for \$600. A daughter of the cow sold in a state sale for \$500. This background should help guarantee the performance of this calf. Herd TB Accredited and Bang's Certified.

MILLBROOK DOE 10TH — Out of one of our best cows, we showed two years ago and was seldom defeated. She stood 4th at the Ohio State Fair. She was bred July 11 to Louada Aspiration, our promising young son of Kinellar Royal Robin. Calfhood vaccinated.

This scene shows a few of the good cows in the Ohio State University Herd, consignors of three females to this sale.

Now's the time to set your herd "right"

The Shorthorn industry is on the move! A long list of major inter-breed steer victories, a growing demand for our bulls and the premium prices being paid for our commercial steers indicates that more judges, breeders and feeders have found Shorthorns "best in every way."

As the nation's farmers and ranchers seek to increase herd profits, they will be turning more and more to Shorthorn blood. No breed can match Shorthorns for gaining ability and economical gains.

Yes, the trend is to Shorthorns and the herds who will enjoy the best demand are those who can offer cattle of high quality and proved productive ability. These are exactly the kind that are being offered in this sale. So be on hand and help yourself to a good helping of OHIO SHORTHORN QUALITY.

These cows are part of the famed Strowan Farm herd. This firm is represented in this high quality event with a bull and two females.
